Dear Sir/Madam,

Sub: Concurrent field work block for BSW 3rd year students –reg

Greetings to you from the Department of Social Work!

Patrician College of Arts & Science, a Catholic Co-educational Institution, is affiliated to the University of Madras. It began in the year 2001 and functions as a Minority self financing institution. The Department of Social Work was initiated in the year 2010. We believe that ongoing field training experiences enrich the student's practical knowledge through observation and training. We would like to inform you that as per the academic requirement, the Third year BSW students need to undergo field work training. Therefore we would like to place the following student.

Name of the student : BHARATHI
Duration : 5th July 2017 – 30th Aug 2017

The student is expected to complete 10 days of concurrent field work during the above period. In case the student is absent due to unforeseen reasons, the students will have to compensate the same. He/She shall strictly abide the rules and regulations of your organization. The services of the trainee could also be utilized for any study/project if so desired during the sixteen days.

I request you to grant permission and send a copy of the approval to the undersigned at the earliest.

Awaiting your response!

We would like to inform you that as per the academic requirement, the Third year BSW students need to undergo field work training. Therefore we would like to place the following student.

Name of the student : GOVARTHARAN
Duration : 5th July 2017 – 30th Aug 2017

The student is expected to complete 10 days of concurrent field work during the above period. In case the student is absent due to unforeseen reasons, the students will have to compensate the same. He/She shall strictly abide the rules and regulations of your organization. The services of the trainee could also be utilized for any study/project if so desired during the sixteen days.

I request you to grant permission and send a copy of the approval to the undersigned at the earliest.

Awaiting your response!

INDUSTRIAL VISIT REPORT

DEPARTMENT OF COMPUTER APPLICATIONS

INDUSTRIAL VISIT REPORT – 2017-2018

Date of Visit : 14-12-2017

Objectives.

The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

A one day Industrial visit to Indian space Research Organization (ISRO) Sriharikota was organized by Department of Computer Application 14th December 2017. It was a one day visit by 45 students of 6th semester along with 2 faculty members.

Forenoon session, they visited the SPACE MUSEIUM in the same campus. Students also gained knowledge about how television signals are broadcasted with the help of satellites. A working model was demonstrated. Various images of India taken at different angles from the satellites, for the purpose of geographical/weather study were seen. Latest images of moon obtained from satellite was also shown. Different electronic devices used in satellite and space communication were explained.

OUTCOMES.

It was an informative, interesting and a successful visit. They learnt many new things about the satellite launch. In LCC, we learnt about the computer system used in LCC for launch control.

Experiential Learning

Students are motivated in learning the Data Communication and networking subject by visiting this organization. They were encouraged to work in the software industry for networking.

	Unit-3: Multiplexing - Types of Multiplexing - Multiplexing Application - Telephone system - Project 802 - Ethernet - Token Bus - Token Ring - FDDI - IEEE 802.6 - SMDS - Circuit Switching - Packet Switching - Message switching - Connection Oriented and Connectionless services.
	Unit-4: History of Analog and Digital Network - Access to ISDN - ISDN Layers - Broadband ISDN - X.25 Layers - Packet Layer Protocol - ATM - ATM Topology - ATM Protocol.
	Unit-5 : Repeaters - Bridges - Routers - Gateway - Routing algorithms - TCP/IP Network, Transport and Application Layers of TCP/IP - World Wide Web.

**DEPARTMENT OF COMPUTER SCIENCE****EXPERIENTIAL LEARNING THROUGH INDUSTRIAL VISIT****PLACE OF VISIT: SATISH DHAWAN SPACE CENTRE, SRIHARIKOTA****CLASS : III BSC CS****DATE : 14.12.2017****SATISH DHAWAN SPACE CENTRE - A REVIEW**

Satish Dhawan Space Centre or Sriharikota Range is a rocket launch centre operated by the Indian Space Research Organisation. It is located in Sriharikota in Andhra Pradesh. Sriharikota Range was renamed in 2002 after ISRO's former chairman Satish Dhawan.

Satish Dhawan Space Centre (SDSC) SHAR, Sriharikota, the Spaceport of India, is responsible for providing Launch Base Infrastructure for the Indian Space Programme.

This Centre has the facilities for solid propellant processing, static testing of solid motors, launch vehicle integration and launch operations, range operations comprising telemetry, tracking and command network and mission control centre.

EXPERIENTIAL LEARNING BY ATTENDEES:

The technical concept was focussed on Satellite Communication and Technology. Especially the MCC(Mission Control Centre) plays a major role.

SATELLITE COMMUNICATION:

Satellite communication, in telecommunications, the use of artificial satellites to provide communication links between various points on Earth. Satellite communications play a vital role in the global telecommunications system.

Approximately 2,000 artificial satellites orbiting Earth relay analog and digital signals carrying voice, video, and data to and from one or many locations worldwide.

Satellite communication has two main components: the ground segment, which consists of fixed or mobile transmission, reception, and ancillary equipment, and the space segment, which primarily is the satellite itself.

A typical satellite link involves the transmission or uplinking of a signal from an Earth station to a satellite. The satellite then receives and amplifies the signal and retransmits it back to Earth, where it is received and reamplified by Earth stations and terminals. Satellite receivers on the ground include direct-to-home (DTH) satellite equipment, mobile reception equipment in aircraft, satellite telephones, and handheld devices.

**MISSION CONTROL CENTRE (MCC):**

The Machine Control Centre(MCC) is for the data and voice communications. A rocket cannot be controlled after its initialization. If there is any fault the rocket is destroyed in the atmosphere through telecommunication. The telemetric device updates the data of a launch for every 250 milliseconds.

These updates are displayed using computers in the MCC. The Mission Director is the final person and the authorizer of the launching satellite. The green button in the Managing Director's place initializes the launch & the red button restricts the launch. The auto initialization command is given when the CDT turns to 00. This CDT starts 29 hours before the launch.

The final CDT is given by the Managing Director. If there is a fault, it is corrected and then the CDT is restarted. The currently launching satellites profile is loaded in prior to the systems in the MCC. The LCC(Launch Control Center) controls the launch of the satellites.

PLACE OF VISIT: FLORANIX PRIVATE LTD, ADYAR

CLASS : I BSC CS

DATE : 24.2.2017

FLORANIX PRIVATE LTD - A REVIEW

FLORANIX was launched in 1986 with the visionary aim to help the academic community approach Electronics with ease.

The company's main forte being manufacturing, the design elements behind the trainer kits and other products from FLORANIX, are fused with compactness, quality, comprehensive simplicity and an intent to unlock the potential of young minds.

The Project Consultancy services aims to nourish students' imagination and inspire them to design new circuits/applications and develop innovative projects by providing challenging yet supportive academic environment

EXPERIENTIAL LEARNING BY ATTENDEES:

The motive of this visit is to gain a brief knowledge about the working model of microprocessor

We had a practical demo about the working of traffic signal's using the digital microprocessor kit with the help of mnemonics and opcode. We gained more information on automatic traffic signaling using Smart Systems.

Using that traffic information we can manage the signal time and handle the traffic on road. IR sensors are placed which detect the vehicle and give current traffic information on each road. The timing of signal is adjusted according to traffic level on each road.

SYLLABUS:

Title of the Course/ Paper	Digital Electronics & Microprocessors		
Core	I Year & Second Semester	Credit: 4	
Objective of	This course introduces the concepts of fundamentals of Digital Electronics and		

the course	Microprocessor.
Course outline	Unit 1: Binary Systems & Code conversion, Boolean Algebra & Logic Gates – Truth Tables – Universal Gates – Simplification of Boolean functions: SOP, POS methods – K-map, – Combinational Logic: Adders & Subtractors – Multiplexer – Demultiplexer - Encoder – Decoder.
	Unit-2: Sequential Logic: RS, Clocked RS, D, JK, Master Slave JK, T Flip-Flops – Shift Registers – Types of Shift Registers – Counters: Ripple Counter – Synchronous Counters – Up-Down Counter.
	Unit 3: Introduction to Microprocessors, Microcomputers, and Assembly Language – Microprocessor Architecture and Its Operations – Memory – I/O Devices – 8085 MPU – Introduction to 8085 Instructions – Data Transfer Operations – Addressing Modes - Arithmetic, Logic and Branch Operations – Writing Assembly Language Programs .
	Unit-4: Time Delay Programs: Time Delay Using One Register – Using a Register Pair – Using a Loop within Loop Technique – Counter Design with Time Delay – Stack and Subroutines – BCD to Binary Conversion and Vice-versa – BCD to HEX Conversion and Vice-versa – Binary to ASCII Conversion and Vice-versa – BCD Addition and Subtraction .
	Unit-5 : 8085 Interrupt – Vectored Interrupts – Interfacing I/O Devices: Basic Interfacing Concepts – Interfacing Input Devices- Memory-Mapped I/O.

THIRUVANMIYUR****CLASS : I BSC CS****DATE : 21.2.2018****AMPITRON PRODUCTS PRIVATE LTD - A REVIEW**

AMPITRON PRODUCTS is a leading company focused on providing high quality Transformer products from 10VA to high capacity of 150 KVA rating, we offer a wide range of products for the industry and government.

With very good manufacturing infrastructure and over 31 years of domain experience, the company is able to provide a good value proposition of high quality and competitive pricing for our products.

EXPERIENTIAL LEARNING BY ATTENDEES:

The key focus area of this visit is on Digital Transformers, Step Up and Step Down Transformers and a wide range of standard products are available. We have sophisticated manufacturing machines and test equipments. Different equipments such as Analog and Digital Multimeters, High Voltage Testing kit

PLACE OF VISIT: KAASHIV INFOTECH, ANNA NAGAR, CHENNAI

CLASS : II BSC CS

DATE : 27.2.2018

KAASHIV INFOTECH - A REVIEW

KaaShiv InfoTech, A Software Company run by an eminent Microsoft Most valuable Professional & Oracle Certified Expert focussing on Retail Management, Distributed apps and Marketing domain with customers from Canada, US and Australia. Our company is leading Software based Product/Project Company located in Anna Nagar, Chennai.

KaaShiv InfoTech is expertise in developing Live Projects in Microsoft Technologies using DOTNET 4.0 framework, SharePoint, WCF, WPF, DOTNET Nuke and Open Source Technologies like Drupal, OS Commerce, Linux, PHP, MYSQL and Magneto.

This puts us in a unique position where we are able to not only deliver cutting edge solutions but also help build in-house competencies of our Clients, be it in the Knowledge Services domain or a part of our Enterprise Services.

EXPERIENTIAL LEARNING BY ATTENDEES:

The main key focus area is on Development . We gained a clear knowledge of Web Development, Application Development and Cloud Computing.

An introduction was given regarding wikitechy.com , a website to learn coding languages. This website contains many basic and updated coding languages which can help an individual to develop his technical skills.

SUBJECT RELEVANT TO THE VISIT : WEB TECHNOLOGY

SYLLABUS:

Title of the Course/	Paper-XVII WEB TECHNOLOGY	
Core	III Year & Sixth Semester	Credit: 4
Objective of the course	This course introduces the concepts of ASP, VB Script, Java Script.	

Course outline	Unit 1: Introduction to VBScript - Adding VBScript Code to an HTML Page - VB Script Basics - VBScript Data Types - VBScript Variables - VBScript Constants - VBScript Operators – mathematical- comparison-logical - Using Conditional Statements - Looping Through Code - VBScript Procedures – type casting variables - math functions –date functions – string functions –other functions - VBScript Coding Conventions - Dictionary Object in VBScript - Err Object
	Unit-2: Introduction to Javascript – Advantages of Javascript – Javascript syntax - Data type –Variable - Array – Operator & Expression – Looping – control structures - Constructor Function – user defined function Dialog Box .
	Unit 3: Javascript document object model – Introduction – Object in HTML – Event Handling – Window object – Document object – Browser object – Form object – Navigator object – Screen object – Build in object – User defined object – Cookies.
	Unit-4: ASP.NET Language Structure – Page Structure – Page event , Properties & Compiler Directives . HTML server controls – Anchor, Tables, Forms, Files . Basic Web server Controls – Label, Text box, Button, Image Links, Check & radio Button, Hyperlink, Data List Web Server Controls – Check box list. Radio button list, Drop down list, List box, Data grid, Repeater.
	Unit-5: Request and Response Objects, Cookies, Working with Data – OLEDB connection class, command class, transaction class, data adaptor class, data set class. Advanced issues – email, Application issues, working with IIS and page Directives , error handling.
	Security – Authentication, IP Address, Secure by SSL & Client Certificates

SLN TECHNOLOGIES - A REVIEW

SLN Technologies, founded in the year 1995 is an AS 9100 and ISO 9001-2000 company based in Bangalore, with branches all over India. SLN is one of the leading companies in India in Aerospace and Defense Electronics and a pioneer in providing PCB manufacturing and EMS equipment to Indian PCB Manufacturing and Electronics Manufacturing Industries across the industry verticals.

SLN is a pioneer in establishing PCB Manufacturing companies in India and over a period of 23 years, SLN has setup more than 15 PCB companies and some of them are green field turnkey projects. SLN has introduced some of the latest and best technologies and equipment to PCB and EMS industry in India.

The strength of our company lies in our ability to respond quickly to customers, create new markets, rapidly develop new products, and dominate emergent technologies.

EXPERIENTIAL LEARNING BY ATTENDEES:

The Company briefed about the IT industry and their contribution towards the industry needs. Their focusing were on next generation software applications and integrating with Big Data, J2EE, Cloud Computing, Android, ASP. Net, PHP, IOT platforms.
