

PLACEMENT REPORT 2017-18

The Source Hub Committee of Patrician College of Arts and Science would like to sincerely acknowledge the efforts of every student, faculty member as well as other key contributor towards conducting the placement efforts of 2017-18.

We would like to express our sincere gratitude towards our recruiters who have once again reposed their faith in the institute and the students who graduate from its flagship programs year on year. We have seen an overwhelming increase in the number of recruiters and we owe this to the efforts of the students who consistently perform well and bring laurels to the institute.

A total of over 125 students participated in the Campus Recruitment Program this year. They proved their mettle through quality performance; a total of 78 students accepted various Pre-Placement Offers extended to them through either of the routes.

Our Final Placement for the current year yields positive results both in terms of compensation as well as quality and variety of profiles offered.
